Hello Everyone

It is always exciting news when new Skål Clubs are established! Levi Lapland in Finland was activated in May this year with 24 members and the first Club in Zanzibar will soon be activated.

Our 79th World Congress in Mombasa is only 10 weeks away so please register as soon as you can. It is also at this congress that the winners of the prestigious Sustainable Awards will be announced with 62 entries from 31 different countries.

Our CEO update from Daniela is also filled with good news as the formalization of our relationship with China will be discussed. At the recent Asian Congress held in Macau this year, a MOU was signed between Skål International and PATA (Pacific Asia Travel Association) which further reinforces our image in the Asian region as well as the globe.

Skål India and Skål Uruguay are having their National Congresses this month so we wish them all a successful and productive meeting.

Congratulations to the first Skål Club in New Zealand who celebrated their 61st anniversary with 11 of their Past Presidents as well as 45 former and current members to celebrate this fabulous milestone.

Looking forward to seeing you all in Mombasa.

Skål! Onwards and Upwards
