

SKÅL INTERNATIONAL MANZANILLO-COLIMA-COSTALEGRE HELPS LOCAL COMMUNITY

Part of my action plan as President of Skål International Manzanillo-Colima-Costalegre (Mexico) was to ensure that one of our lunches was organised to help the local community and, therefore, our Club got together and organised a visit to Veladero Camotlan, a local village on the outskirts of Manzanillo, where the school needs several things for the 42 children ranging in age from pre-school to Year 6.

We organised a meal for the children and their teachers and we clothing and towels, etc. from local hotels for the 45 families in the village.

The event was also supported by the entertainers from various hotels who organised games and activities for the children. During the meal each child received a personalised gift after which the cake was cut and a photograph of the occasion was taken.

Every member of the Club presented equipment such as ventilators, paint, etc. to improve the school's amenities.

It was a very enjoyable day for the youngsters and for us to spend the time with them.

Jorge Garibay
Presidente
Skål International Manzanillo-Colima-Costalegre
